### PROFESSIONAL SUMMARY

Motivated and innovative aspiring Full-Stack Web Developer with hands-on experience in building websites with MERN stack and various web technologies including HTML, CSS, and JS. Curious to learn about emerging web technologies. Looking forward to making a significant contribution to an organization through dedicated effort.

### WORK EXPERIENCE

#### Junior Web Developer

New Delhi, India

Teamcode Innovation

(April 2023 - Present)

- Developed full-stack web applications utilizing React and Nextjs for frontend, and Express.js and Node.js for backend, ensuring high performance and scalability.
- Designed responsive and visually appealing user interfaces using Chakra UI and Tailwind CSS, enhancing user experience and engagement.
- Implemented real-time communication features using Socket.IO, enabling instant messaging and data exchange functionalities within web applications, fostering enhanced user interaction and collaboration.
- Managed AWS S3 bucket integration for efficient storage and retrieval of multimedia content within web applications, ensuring secure and scalable data storage solutions.
